

# Zed Transport

Connecting your **business**  
to payments

# Problem

- ✓ Many PSV Saccos use pen and paper to collect Sacco Income.
- ✓ PSV owners have to wait till evening to know about their business.
- ✓ This leads to loss of revenue and operational inefficiencies.

Connecting businesses to payments

# What is **Zed Transport**

- ✓ Zed transport app allows a Sacco to collect all its income via the app.
- ✓ Fare collections are easy via mobile money.
- ✓ At the end of the day, income and expenses are easily visible and therefore accountable.

Connecting businesses to payments

# Benefits

- ✓ Ensures a Sacco collects and knows all income.
- ✓ Eliminates discrepancies and revenue losses while improving profitability.
- ✓ Enhances passenger verification for insurance claims.
- ✓ Helps monitor location and productivity, as well as control of operations.

Connecting businesses to payments

Connecting businesses to payments

# Highlights of Zed Transport:

## Expense:

- ✓ Record and categorize vehicle-related expenses like fuel, security etc.
- ✓ Effortlessly deduct expenses from vehicle collections for clear profitability analysis.
- ✓ Gain valuable insights into operational costs for informed decision-making.

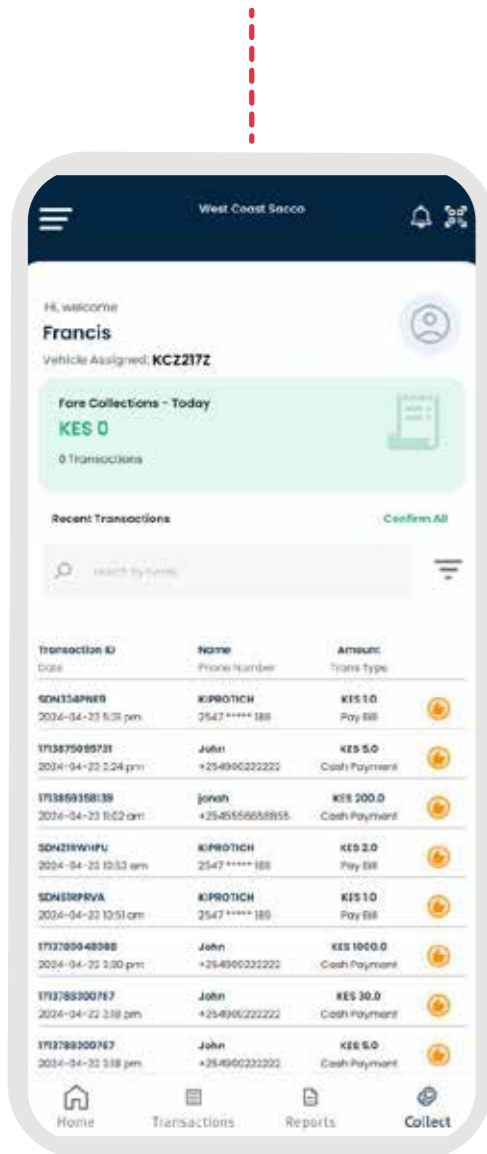

Connecting businesses to payments

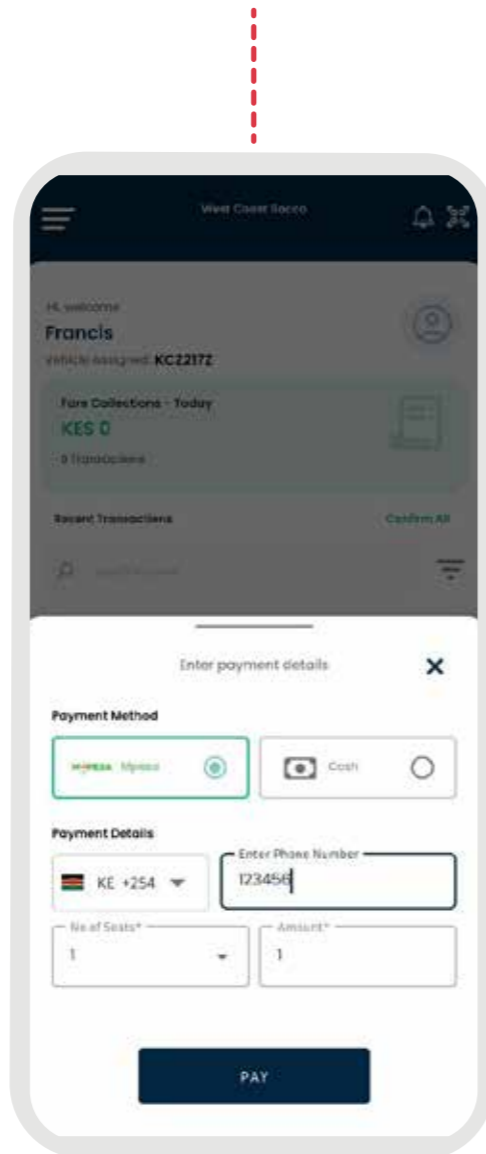

# How it works

## Fare Collection

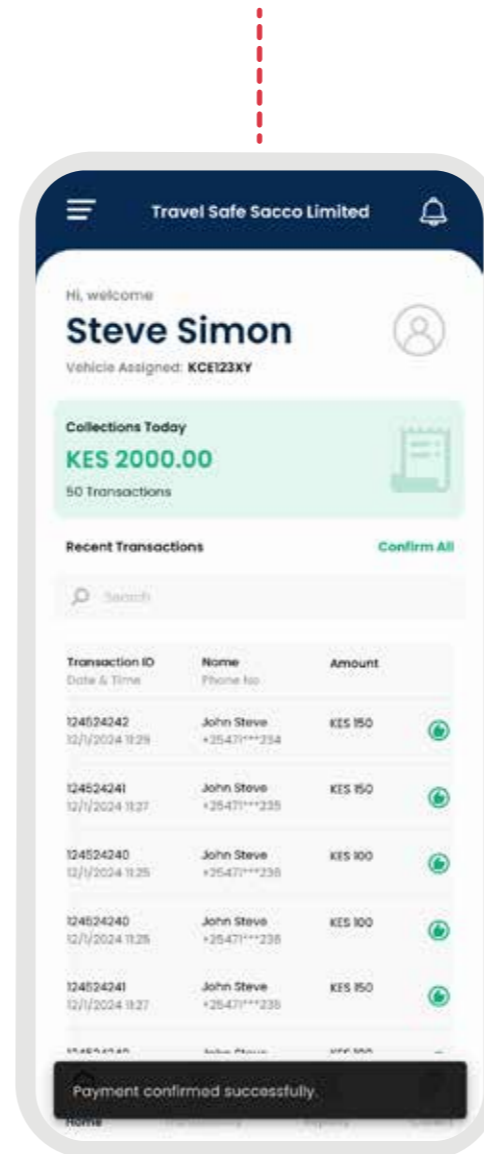

Operator logs in selects 'Collect'.

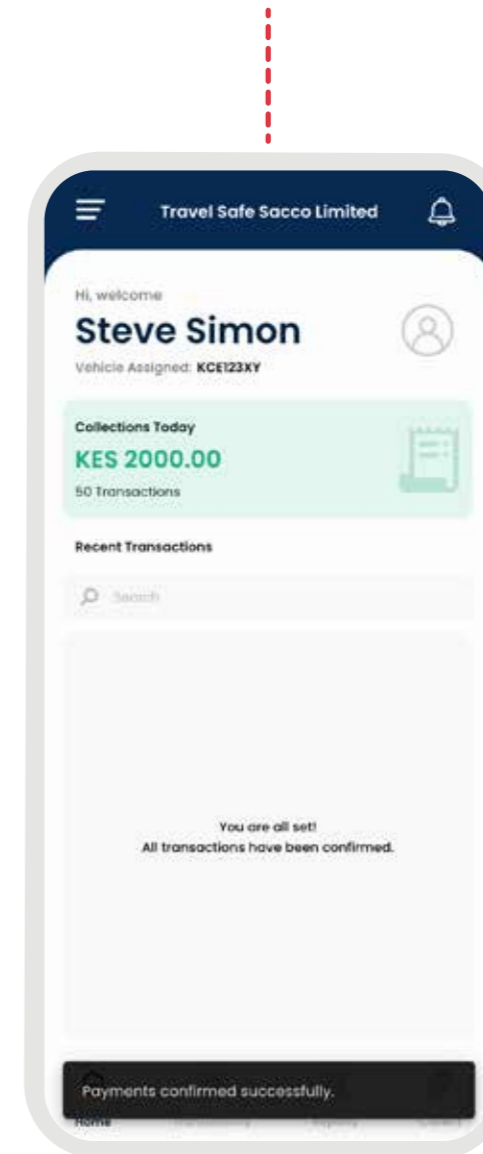

Enters the passengers phone number, number of seats, amount and clicks 'Pay'.

Once paid, the transaction reflects on the operator's end.

Operator confirms the transaction as paid.

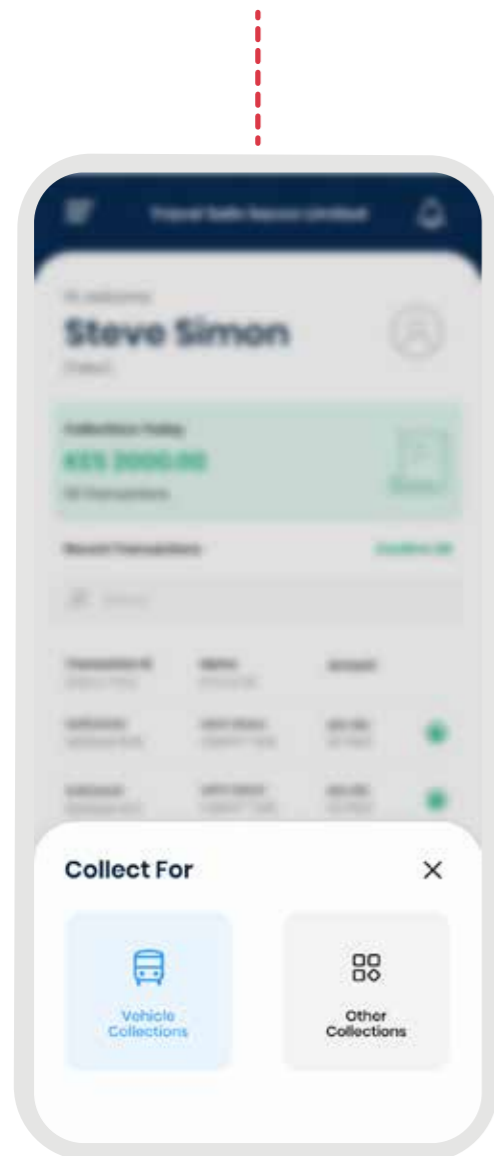

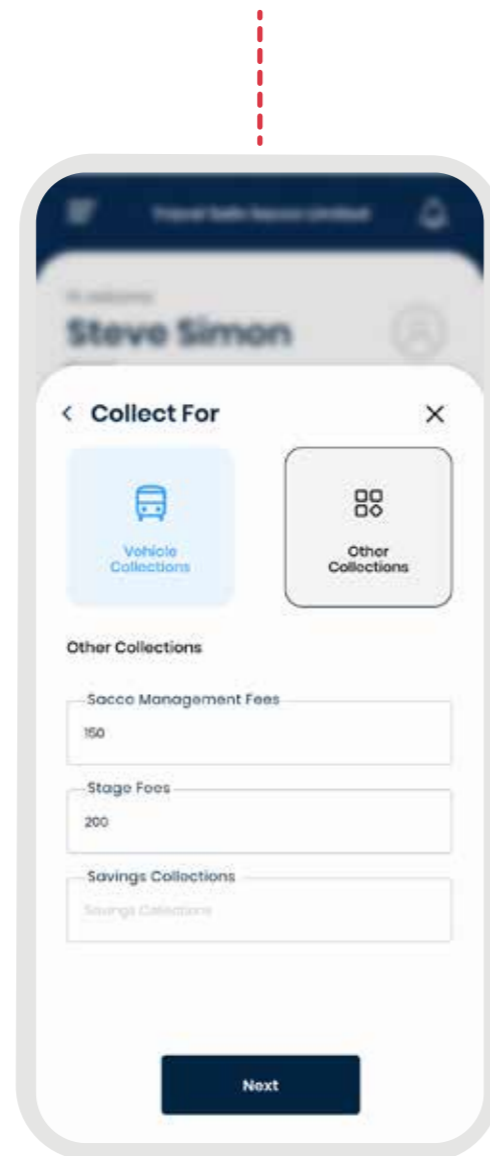

# How it works

## Sacco

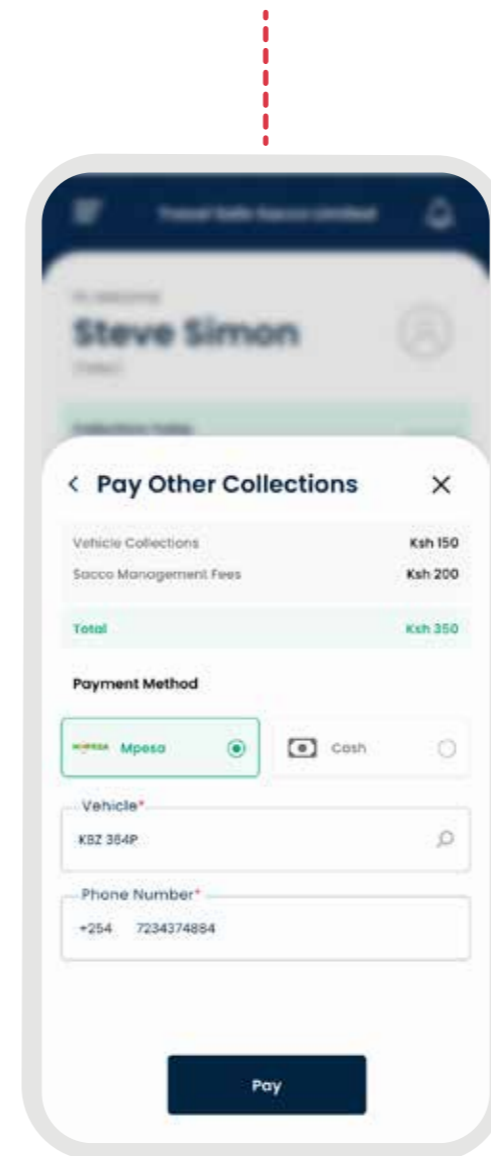

Sacco operator logs in, selects 'Collect' and clicks on 'Other Collections'

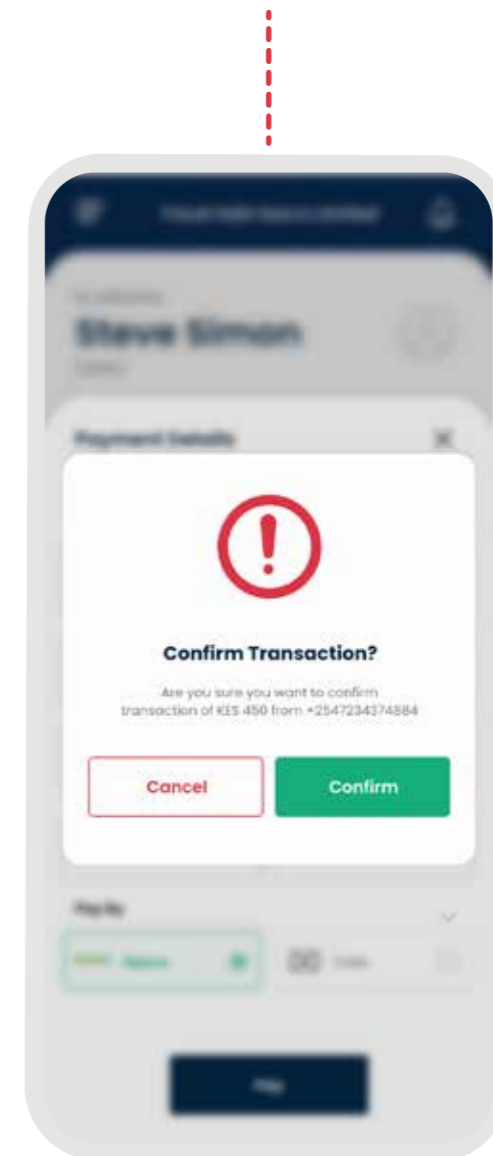

Selects the collection type, inputs the amount and clicks 'Next'

Selects the vehicle and enters the mobile number to pay.

Confirm payment made
